PROFILE

Creative UI/UX and WordPress Designer with over 1 year of professional experience at a fast-paced startup. Delivered an international project for an Italy-based client — a live dog daycare booking platform with custom user and admin dashboards. Skilled in designing intuitive mobile and web interfaces, building WordPress and WooCommerce websites across 8–12 client projects, and delivering cohesive brand identities. Proficient in Figma, Adobe Photoshop, Illustrator, and Canva. Passionate about user-centered design and ready to bring strong execution skills to a growth-oriented team.

WORK EXPERIENCE

RedMind Technologies — UI/UX & WordPress Designer

Aug 2024 – Present

Graphic Designer (Startup)

- Designed and launched 8–12 responsive WordPress websites for clients across various industries, including 2–3 WooCommerce e-commerce stores.
- Delivered Iris Garden — a live international project for an Italy-based client; built a complete dog daycare booking system with custom user and admin dashboards using WordPress and AI-assisted tools.
- Led end-to-end UI/UX design for a Warehouse Management System (WMS) mobile app — joined mid-project and delivered user-friendly screens from wireframe to final handoff in Figma.
- Created logos, brand identity kits, brochures, posters, and digital marketing creatives for startup clients.
- Customised WordPress themes and layouts with a focus on clean navigation, mobile responsiveness, and SEO best practices.
- Collaborated directly with clients and cross-functional teams to gather requirements and deliver projects on time.

KEY PROJECTS

WMS Mobile App — UI/UX Design (Figma)

- Took ownership of UI design mid-project; designed app screens for inventory, dispatch, and tracking workflows with a focus on usability for warehouse staff.

WordPress & WooCommerce Websites (8–12 Client Projects)

- Designed and developed responsive websites for diverse clients; built 2–3 fully functional WooCommerce stores with product listings, cart, and checkout flows.

Iris Garden — International Client Project (Italy)

Dog Daycare Booking System | WordPress | Live Production

- Delivered a full-scale dog daycare booking website for an Italy-based client — currently live with real users.
- Built a custom dog daycare booking system with user-facing booking flows, a customer dashboard, and a feature-rich admin dashboard for managing appointments, pets, and availability.
- Implemented advanced customisations including booking management, customer profiles, and admin controls — collaborating with an AI-assisted workflow and a senior developer for technical execution.
- Handled design, layout, and WordPress customisation; contributed to project scoping, client communication, and post-launch maintenance.

Brand Identity & Marketing Collateral

- Designed modern logos, visual identity systems, brochures, posters, and social media creatives for multiple startup clients.
