PROFILE

Creative UI/UX Designer and Web Designer with nearly 2 years of professional experience designing websites, web applications, and digital experiences. Delivered 12+ client websites, including an international dog daycare booking platform for an Italy-based client. Skilled in Figma, WordPress, WooCommerce, HTML, CSS, responsive web design, branding, and AI-assisted workflows. Passionate about creating modern, user-centered digital products that balance usability and business goals.

WORK EXPERIENCE

RedMind Technologies - UI/UX Designer & Web Designer

Aug 2024 - Present (1 Year 10 Months)

- Designed and delivered 12+ responsive client websites across multiple industries.
- Built and customized WordPress and WooCommerce websites, including 3 e-commerce stores.
- Designed UI/UX for a Warehouse Management System (WMS) mobile application using Figma.
- Delivered an international dog daycare booking platform for an Italy-based client.
- Created logos, brochures, branding materials, and marketing creatives.
- Collaborated with clients, developers, and stakeholders throughout project delivery.

PROJECT HIGHLIGHTS

- Iris Garden (Italy) - Dog daycare booking platform with customer dashboard, admin dashboard, booking management, and responsive user experience.
- WMS Mobile App - Designed user-friendly mobile interfaces, user flows, and inventory management screens using Figma.
- Client Websites - Designed and delivered 12+ websites including WordPress, WooCommerce, and business websites.
- HTML/CSS Websites - Developed responsive business websites.
